Trueman Lanham, the Superintendent of Parking, has reported upon the applica-tion after making an investigation, that no general trimming of the trees on the block is necessary, but he recommends that certain trees be looked after and a few limbs cut which will relieve the situ-ation along the line spoken of by Mr. Booth.

George Denny has requested permission to erect a guard post in the rear of 643 Florence Street northeast, to prevent teams from running into and tearing down the back fence. A. L. Thomas, In-spector of the Surface Division, reporting upon the matter, recommends that the request as made be not granted as it ald interfere too much with the aller the turn. He recommends that Mr. nny be allowed to erect a stone of cer-n dimensions which will answer the same purpose and which will not extend into the alley more than eight inches.

The building is finished and ready for occupancy as a colored school-house, to take the place of the old stone building which stood for so many years on a site nearby. The new Lovejoy school building is one of the best erected in the District in recent years. It is fitted out with the most approved appliances for heating, ventilation, and light. A Strong Man

Is strong all over. No man can be strong who is suffering from indigestion or some other disease of the stomach and its associated organs of digestion and

its associated organs of digenutrition. For when the stomach is diseased there is a loss of the nutrition contained in food, which is the source of all physical strength. When a man doesn't feel just right, when he doesn't sleep well, has an uncomfortable feeling in the able feeling in the stomach after eat-ing, is languid, nervous and irrita-ble, he is losing the nutrition needed to make strength. Such a man needs to use Dr. Pierce's Golden Medical

and strength to the whole body.

Mr. Thomas A Swarts, of Sub Station C, Columbus, Ohio, Box 101, writes: "I was taken very sick with severe headache, then cramps in the stomach and my food would not digest, then kidney and liver trouble and my back got weak so I could scarcely get around. The more I doe fored the worse I got until six years passed. I could only walk in the house by the aid of a chair, and I had grism up to die. Then one of my neighbors said, "Take my advice and take Dr. Pierce's Golden Medica! Discovery and make a new man out of yourself." The first bottle helped me and after I had taken eight bottles in about six weeks I was weighed and found I had gained twenty-seven (27) pounds, and I am as stout and healthy to-day, I think, as I ever was."
